About Color Me This

Colorette is committed to creating an memorable experience for all individuals. It was created in Canada in 2018 by four junior programmers who realized the need for the personalized service that could contribute to customers. Colorette provides Color Recognition™ service to suggest the product that matches each individual's skin tone. Because the process of choosing the right foundation shade should be reliable and efficient, Color Recognition™ could be done with a few clicks. The service would be able to be provided to the customer with account once they upload the picture and click submit.

Step 3

Color Recognition System - We can find your right cosmetic shade!

Color Recognition system is to help you on finding the right cosmetic shade. This system will be available for any user who is interested in makeup. In order to maximize the accuracy of the result, it will suggest cosmetic products from the database. Then you could choose a product based on the preference and budget. Each product will have a page with product description, how to use, ingredients and cruelty-free cosmetics label for the products that are have not tested on animals. After choosing the product, you may add the product to favourites and or to the shopping cart and proceed to checkout.

***Disclaimer:** The pictures you have uploaded might be saved in our database for the research purpose. The data will not be sold, rented, leased or forwarded to any third party. By clicking next, you are agreeing to these terms.

I tried this product for the first time and got hooked. If you are a person who likes/ wants full coverage, this is not for you. The price is also reasonable for students so I will buy it again.
